

Discover what's going on in our community.

Hi All,

I'm now full-time at the facility, and it has been a pleasure working alongside our dedicated staff and residents. I want to take a moment to acknowledge the ongoing frustration regarding the phone issues. I understand the concerns about the timeframe and communication from the phone service provider. If you are still experiencing any phone problems, please reach out to CenturyLink directly to resolve them. Keep in mind that landline service is not provided by the facility and each resident needs to set up their own account.

I also want to inform everyone that our facility will be undergoing a survey on February 7th. This survey will assess the overall condition of the building, including maintenance and upkeep. Additional communication regarding the survey will be posted throughout the facility for residents to view and ask any questions. As part of this process, we will be visiting all apartments to check on things like leaky faucets, electrical outlets, and appliances. If you are aware of any specific service needs for your loved one, please encourage them to stop by the front desk, or you can call us directly at 763-205-2248 to let us know.

Thank you for your cooperation and support.

Best regards,  
Kevin

Reminder to All Families of Arbor Garden Residents:

For the safety of all residents, please be reminded that cleaning supplies and chemicals should not be left out in the apartments. We are currently going through the apartments and locking up any chemicals that are left unattended.

If you bring cleaning supplies during your visit, kindly remember to take them home with you after your visit.

Thank you for your cooperation!

## **From Marketing**

Can you believe that February is already here? One month of 2025 is already behind us. How is your to-do-list going? Mine is growing! I would love to start an ambassador/welcome committee in our community...something that has been on my list for a while now. Would you be interested to help me out with this? It would involve a bit of your time to welcome new residents, help them around the community, introduce them to other residents, answer questions and just be there for them. I would love to create this type of program in our community but need the help from you. Stop down and visit with me. I would love to hear your ideas and start a committee of residents to help me out with this. -- Kathy, Marketing Director
