## Employee SparkLight - Comfort, HHA

**Tell us about your family!**

4 children, 1 son, 3 daughters, four grandsons

**What is your secret talent no one knows about?**

seamstress

**What is your favorite season?**

Christmas

**What is on your bucket list?**

Nursing school and social work

**What are some of your hobbies?**

Reading, watching movies, traveling, dancing and listening to music

**Would you rather cook or order in, and why?**

Cook because it is healthy and it saves money

**If you could live anywhere, where would it be?**

The USA will be my first choice because of the equal opportunities and security

**What is your favorite thing about your job?**

Making my residents comfortable and smile

**What did you want to be when you grew up?**

Nurse

### From the Executive Director

We are happy to share that we have successfully completed our REAC Survey and State Inspection. I sincerely appreciate your cooperation in allowing us into your homes to ensure everything is up to code. I understand that this process may have been a disruption to your day, and I truly appreciate your patience and support. I'm proud to report that we performed exceptionally well in both inspections. The inspectors were highly impressed with our facility, noting how clean and well-maintained it is, as well as how pleasant and functional the environment felt. Thank you once again for your understanding and for helping us maintain a high standard for our community.

Kevin

### From Marketing

We are so LUCKY to have you all here! From the residents to the families to the caregivers to the employees, Arbor Oaks is so fortunate! When I give tours to prospects, I share about the great personalities each and every one of you possess. I love to tell stories about the family type of atmosphere that we have here and how we take care of each other. The patience that you show the new residents by providing a helping hand or words of guidance is so appreciated. This doesn't happen in all senior communities.

--Kathy, Marketing

### From Maintenance

Our senior living community is designed to provide a safe, comfortable and supportive environment for residents, your friends and family, visitors and staff. Inadequate maintenance can result in uncomfortable living conditions, such as cold or warm drafts with extreme temperature changes, plumbing, electrical or heating issues, trip and fall hazards, and/or many more issues leading to resident dissatisfaction, unsafe or uncomfortable living conditions. Please continue to report any apartment, building or equipment issues you see or may be having to staff. We are here to help you and keep our community safe and beautiful. Thank you all for doing your part! -Carl
